Directive 2011/65/EU on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (RoHS)

Dear Customer

Based on the above stated Directive 2011/65/EU in its latest form the restriction for lead, cadmium, hexavalent chromium, mercury, polybrominated biphenyls (PBB) and polybrominated diphenylethers (PBDE), as well as for the softeners DEHP, BBP, DBP and DIBP (Directive EU 2015/863) in concentrations nor in applications, which are prohibited for further distribution within the open market, according to the current restriction of the EU- Directive 2011/65/EU.

According to our knowledge the products shown on the <https://switches-sensors.zf.com> website do neither contain any substances in concentrations nor in applications, which are prohibited for further distribution within the open market, according to the current restriction of the EU-Directive 2011/65/EU.

Please feel free to direct further questions to your point of contact at ZF Friedrichshafen AG, Switches & Sensing Solution or to our Environmental Protection Department.

Kind regards

ZF Friedrichshafen AG
Product Line Electronics
