ROHS Declaration

Dear Customer

Based on the above stated Directive 2011/65/EU in its latest form the restriction for lead, cadmium, hexavalent chromium, mercury, polybrominated biphenyls (PBB) and polybrominated diphenylethers (PBDE), as well as for the softeners DEHP, BBP, DBP and DIBP, has become effective regarding all new electrical and electronic equipment released on the market.

According to our knowledge the products shown on the <https://switches-sensors.zf.com> website do neither contain any substances in concentrations nor in applications, which are prohibited for further distribution within the open market, according to the current restriction of the EU-Directive 2011/65/EU.

Please feel free to direct further questions to your point of contact at ZF Friedrichshafen AG, Electronic Systems or to our Environmental Protection Department.

Kind regards

ZF Friedrichshafen AG
